COOL CASH

Residential Air Conditioning Rebate Program

A Public Benefits Program
brought to you by

www.riversidepublicutilities.com

What is Cool Cash?

Cool cash is a public benefit program that offers residential electric customers a rebate for first time installations or replacement installations of new high energy efficient central air conditioners or heat pumps.

What equipment qualifies?

New air conditioners or heat pumps will qualify for a cool cash rebate with a Seasonal Energy Efficiency Rating (SEER) equal to or greater than 14. A matching evaporator coil must be installed for systems that are replaced.

Installation must be completed by the applicant or California licensed contractor with the proper specialty code. The applicant is responsible for checking with the state, county, city and building owner regarding local conditions, restrictions, codes, ordinances, rules and regulations prior to installation.

EQUIPMENT	SEER	REPLACEMENT REBATE AMOUNT	NEW REBATE AMOUNT
Central Electric Air Conditioner	14-14.9 15 or greater	\$50 per ton \$70 per ton	\$35 per ton \$50 per ton
Heat Pump	14-14.9 15 or greater	\$70 per ton \$90 per ton	\$45 per ton \$60 per ton
Programmable Thermostat	Energy Star® Rated	Up to \$25 (limit 2)	Up to \$25 (limit 2)

Program Guidelines

- This program is available to RPU residential electric customers. If the applicant is a tenant or renter, the property owner must sign the application.
- The level of incentive is based on the following:
 1. The qualifying unit’s size - tonnage
 2. Its efficiency rating - The SEER rating must be equal to or greater than 14.
 3. Whether the qualifying unit is a new unit replacing an old, inefficient model or a newly installed system where none existed before. Rebate amount cannot exceed the purchase price of the new unit.
- A matching evaporator coil must be installed to qualify for the rebate.
- Air Conditioners/Heat Pumps must be installed at customer’s service address on the customer’s own property before applying for a rebate.
- Once equipment is installed, mail your application along with copies of legible, dated sales receipt as proof of purchase to Riverside Public Utilities. Sales receipt must be provided and is subject to verifica-

tion. Information on the make, model number, serial number, tonnage, and SEER rating of the new unit(s) must be included on receipt.

- Installed units are subject to inspection for program compliance. Customer’s failure to permit such inspections shall obligate the customer to repay the amount of the incentive received by the customer for that installation. The incentive amount shall be billed on the customer’s regular utility billing from the City and shall be a part of customer’s utility service charges payable to the City.

- Customer must sign liability agreement on application.
- Application must be submitted within ninety (90) days of receipt purchase date in order to qualify for rebate.
- RPU reserves the right to determine product eligibility.
- **Program is subject to change without prior notification. Rebates are given on a first come, first serve basis subject to fund availability.**

I certify that I am the owner(s) or tenant(s) of the real property where the improvements have been installed and that I have not previously received, or applied for, other utility financing or incentives for the improvements on this application. I also certify that the foregoing information is true and correct. I understand and agree that the choice of improvements, the selection of contractors, the purchase of items and acceptance of materials used and work performed and the payments thereof is my responsibility. I understand that I will be fully liable for any damage to person or property that may be caused by the installation and/or operation of the equipment involved. I understand that Riverside Public Utilities does not endorse, recommend or make any representations as to specific brands, products, contractors or dealers nor does it guarantee material or workmanship. I further agree to indemnify and hold harmless the City of Riverside, its officers, employees, and agents from any damages related to the use or installation of the air conditioner/heat pump.
